

Appendix 10.2: Assets within Wider Study Area and within 5km of the NLEI (Figure 10.2)

Asset Reference	Name	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (Table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (ES Table 10.7)	Visualisation Figure Reference
SM678	Auchengruith Craig, cross-shaped earthwork	Scheduled Monument	High	Plateau in Mennock Water valley at confluence with Beer Burn	High (localised) remote rural setting	High (localised)	3	1	0.8	Medium: turbines prominent on skyline above monument	Moderate	LVIA VP7
SM5597	Wanlockhead, remains of lead mining and smelting	Scheduled Monument: Archaeologically Sensitive Area	High	Wanlock Water valley and head of Mennock Water and Glengonnar Water valleys	High (localised) association with village and mineral resources	High (localised)	30	24	1.4	Low: turbines visible beyond skyline but not dominant from within valley and core area of mining remains	Minor	Figures 10.5 (CH2); Figure 10.6 (CH3); LVIA VP2-4
SM90310	Wanlockhead Beam Engine	Scheduled Monument: Property in Care	High	Wanlock village and Wanlock Water valley	High (localised) association with village and mineral resources	High (localised)	12	1	2.1	Low: turbines visible beyond skyline but not dominant from within valley and core area of mining remains; localised setting on edge of village	Minor	LVIA VP2
SM5817	Leadhills, remains of lead mining and smelting	Scheduled Monument	High	Glengonnar water valley	High (localised) association with village and mineral resources	High (localised)	32	24	2.2	Low: turbines visible beyond skyline but not dominant from within valley and core area of mining remains	Minor	LVIA VP5
SM687	Crichton Peel & Sanquhar Castle	Scheduled Monument	High	Outskirts of Sanquhar in River Nith valley	High (localised) Prominent position on outskirts of conservation in open river valley	High (localised)	11	0	4.9	Low: distant tip only visibility; turbine tips visible but not dominant	Minor	
SM708	Ryehill, motte	Scheduled Monument	High	River bank location on outskirts of Sanquhar in River Nith valley	High (localised) Prominent position on outskirts of conservation in open river valley	High (localised)	2	0	4.9	Negligible: distant tip only visibility; turbines screened by topography	Negligible	
13286	Snar Water: Farmstead	HER national	High	Snar water valley, south of confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	4	3	1.1	Low: turbines partly screened by topography; localised setting; views not an important aspect of setting	Minor	
13288	Windy Dodd: Burnt Mound	HER national	High	Snar water valley, south of confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	4	4	1.5	Low: turbines partly screened by topography; localised setting; views not an important aspect of setting	Minor	
13282	Windy Dodd: Unenclosed Platform Settlement	HER national	High	Snar water valley, south of confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	13	6	1.8	Low: turbines partly screened by topography; views not an important aspect of setting	Minor	Figure 10.13 (CH8)
13282	Windy Dodd: Unenclosed Platform Settlement	HER national	High	Snar water valley, south of confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	14	7	1.8	Low: turbines partly screened by topography; views not an important aspect of setting	Minor	Figure 10.13 (CH8)
13282	Windy Dodd: Unenclosed Platform Settlement	HER national	High	Snar water valley, south of confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	13	6	1.9	Low: turbines partly screened by topography; views not an important aspect of setting	Minor	Figure 10.13 (CH8)

Asset Reference	Name	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (Table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (ES Table 10.7)	Visualisation Figure Reference
13282	Windy Dodd: Unenclosed Platform Settlement	HER national	High	Snar water valley, south of confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	15	7	1.9	Low: turbines partly screened by topography; views not an important aspect of setting	Minor	Figure 10.13 (CH8)
13291	Sim's Hill: farmstead (possible); Sheepfolds: Lazybeds	HER national	High	Snar water valley, confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	3	2	2.0	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Glenkip Burn; views not an important aspect of setting	Minor	
13291	Sim's Hill: farmstead (possible); Sheepfolds: Lazybeds	HER national	High	Snar water valley, confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	2	2	2.1	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Glenkip Burn; views not an important aspect of setting	Minor	
13291	Sim's Hill: farmstead (possible); Sheepfolds: Lazybeds	HER national	High	Snar water valley, confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	2	2	2.1	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Glenkip Burn; views not an important aspect of setting	Minor	
13290	Sim's Hill: Small Cairn	HER national	High	Snar water valley, confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	6	1	2.2	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Glenkip Burn; views not an important aspect of setting	Minor	
13284	Glendorch, Glenkip Burn: Lead Smelter	HER national	High	Hillside on east side of Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	35	28	2.3	Low: turbines partly screened by topography; localised setting along Glenkip Burn; views not an important aspect of setting	Minor	
13289	Sim's Hill, House Platform	HER national	High	Snar water valley, confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	7	2	2.3	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Glenkip Burn; views not an important aspect of setting	Minor	
13291	Sim's Hill: farmstead (possible); Sheepfolds: Lazybeds	HER national	High	Snar water valley, confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	7	2	2.3	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Glenkip Burn; views not an important aspect of setting	Minor	

Asset Reference	Name	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (Table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (ES Table 10.7)	Visualisation Figure Reference
10039	Sim's Hill: Cairn	HER national	High	Saddle between Sim's Hill summit to north and Rake Law promontory ridge to south southeast and between Glenkip Burn and Glendorch Burn	High: prominent topographic position in undeveloped moorland between two watercourses	High	34	27	2.4	Low: turbines visible but not dominant; localised setting between Glenkip Burn and Glendorch Burn; long distance views not an important aspect of setting	Minor	
13292	Sim's Hill Burnt Mound	HER national	High	Snar water valley, confluence with Glenkip Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	9	2	2.5	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Glenkip Burn; views not an important aspect of setting	Minor	
10076	Snar: Tower House	HER national	High	Snar water valley, confluence with Strancleuch Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	6	2	3.3	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Strancleuch Burn; views south not an important aspect of setting	Minor	
13300	Snar, Strancleuch Hill: Unenclosed Platform Settlement	HER national	High	Snar water valley, confluence with Strancleuch Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	7	1	3.4	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Strancleuch Burn; views not an important aspect of setting	Minor	
13300	Snar, Strancleuch Hill: Unenclosed Platform Settlement	HER national	High	Snar water valley, confluence with Strancleuch Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	9	1	3.4	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Strancleuch Burn; views not an important aspect of setting	Minor	
13300	Snar, Strancleuch Hill: Unenclosed Platform Settlement	HER national	High	Snar water valley, confluence with Strancleuch Burn	High (localised) undeveloped moorland in secluded valley	High (localised)	10	2	3.4	Low: turbines partly screened by topography; localised setting at junction of Snar Water and Strancleuch Burn; views not an important aspect of setting	Minor	
MDG102	Sean Caer / Sanquhar: earthwork	HER national	High	Sanquhar, farmland at west end of town	Moderate (localised) modern suburban setting between road and railway	High (localised)	10	8	4.8	Low: distant visibility beyond skyline; turbines visible but not dominant	Minor	
LB17192	Wanlockhead, Library	Category A Listed	High	Wanlockhead village centre	High (localised) rural village conservation area	High (localised)	8	3	2.2	Low: localised village setting; turbines visible but not dominant	Minor	LVIA VP3-4
LB40540	Sanquhar, High Street, Tolbooth	Category A Listed	High	Main Street in Sanquhar Conservation Area	High (localised) prominent public building in conservation area	High (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	

Asset Reference	Name	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (Table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (ES Table 10.7)	Visualisation Figure Reference
LB17196	Wanlockhead, 1 Stewart Place	Category B Listed	Medium	Wanlockhead village centre	High (localised) rural village conservation area	High (localised)	10	0	2.1	Low: localised village setting; turbines visible but not dominant	Minor	
LB17196	Wanlockhead, 2 Stewart Place	Category B Listed	Medium	Wanlockhead village centre	High (localised) rural village conservation area	High (localised)	10	0	2.1	Low: localised village setting; turbines visible but not dominant	Minor	
LB17196	Wanlockhead, 3 Stewart Place	Category B Listed	Medium	Wanlockhead village centre	High (localised) rural village conservation area	High (localised)	10	0	2.1	Low: localised village setting; turbines visible but not dominant	Minor	
LB10276	Holm	Category B Listed	Medium	Classical late 18th/early 19th century stable block in wooded setting in small hamlet (Crawick) beside Crawick Water	High (localised) small hamlet in narrow river valley setting	High (localised)	4	1	4.0	Low: turbines screened by topography, visible but not dominant; views not an important aspect of setting	Minor	
LB17254	Crawick, Viaduct	Category B Listed	Medium	Railway viaduct over Crawick Water to north of Sanquhar in River Nith valley	Moderate (localised) river crossing	Medium (localised)	7	3	4.7	Low: turbines screened by topography, visible but not dominant; views not an important aspect of setting	Minor	
LB40561	Sanquhar, Laurie's Wynd, Crichton School and Schoolhouse	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.7	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40562	Sanquhar, Laurie's Wynd, Crichton School and Schoolhouse	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.7	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40549	Sanquhar, 73 High Street	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40548	Sanquhar, 63 High Street, Bank of Scotland	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40558	Sanquhar, 88 High Street	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40558	Sanquhar, 84, 86 High Street	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and	Negligible	

Asset Reference	Name	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (Table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (ES Table 10.7)	Visualisation Figure Reference
										topography		
LB40547	Sanquhar, 39 High Street	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40558	Sanquhar, 78, 80, 82 High Street	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40557	Sanquhar, 76 High Street	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40557	Sanquhar, 74 High Street	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40547	Sanquhar, 41 High Street, Post Office	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	1	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40554	Sanquhar, 26 High Street, Royal Bank of Scotland	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40537	Sanquhar, 2 Church Road	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40538	Sanquhar, Church Road, St Bride's Church	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	10	4	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	

Asset Reference	Name	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (Table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (ES Table 10.7)	Visualisation Figure Reference
LB40563	Sanquhar, Queensberry Square, School	Category B Listed	Medium	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Medium (localised)	11	4	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB17190	Wanlockhead, Church Street, Wanlockhead Church	Category C Listed	Low	Wanlockhead village centre	High (localised) rural village conservation area	Medium (localised)	9	0	2.1	Low: localised village setting; turbines visible but not dominant	Minor	LVIA VP2
LB17197	Wanlockhead, Church Street, Straight Steps, West Cottage	Category C Listed	Low	Wanlockhead village centre	High (localised) rural village conservation area	Medium (localised)	7	0	2.1	Low: localised village setting; turbines visible but not dominant	Minor	LVIA VP2
LB17189	Wanlockhead, Burnside Cottages	Category C Listed	Low	Wanlockhead village centre	High (localised) rural village conservation area	Medium (localised)	12	1	2.1	Low: localised village setting; turbines visible but not dominant	Minor	LVIA VP3
LB17197	Wanlockhead, Church Street, Straight Steps, East Cottage	Category C Listed	Low	Wanlockhead village centre	High (localised) rural village conservation area	Medium (localised)	7	0	2.1	Low: localised village setting; turbines visible but not dominant	Minor	LVIA VP2
LB17230	Wanlockhead, Old Manse	Category C Listed	Low	Wanlockhead village centre	High (localised) rural village conservation area	Medium (localised)	9	2	2.2	Low: localised village setting; turbines visible but not dominant	Minor	
LB17193	Wanlockhead, Cemetery	Category C Listed	Low	Wanlockhead village centre	High (localised) rural village conservation area	Medium (localised)	6	0	2.2	Low: localised village setting; turbines visible but not dominant	Minor	
LB17195	Wanlockhead, School	Category C Listed	Low	Wanlockhead village centre	High (localised) rural village conservation area	Medium (localised)	9	2	2.2	Low: localised village setting; turbines visible but not dominant	Minor	LVIA VP4
LB10290	Carco	Category C Listed	Low	Riverside location on west bank of Crawick Water	High (localised) rural farmhouse in river valley setting	Medium (localised)	4	2	2.6	Low: turbines screened by topography; views not an important aspect of setting	Minor	
LB40566	Sanquhar, Leven Road, Sanquhar Station and Stationmaster's House	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	4	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40550	Sanquhar, High Street, Monument	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	1	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40560	Sanquhar, 104 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	1	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40559	Sanquhar, 102 High Street, Council Offices	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	1	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	

Asset Reference	Name	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (Table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (ES Table 10.7)	Visualisation Figure Reference
LB40560	Sanquhar, 104-106 High Street, Library	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	1	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40559	Sanquhar, 100 High Street, Council Offices	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	1	0	4.8	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40545	Sanquhar, 31, 33 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	1	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40546	Sanquhar, 35, 37 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	1	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40544	Sanquhar, 27, 29 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	4	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40556	38 And 40 High Street, Sanquhar	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	3	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40541	Sanquhar, 1, 3 High Street, Nithsdale Hotel	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40543	Sanquhar, 11, 13 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	4	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40553	Sanquhar, 22, 24 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	

Asset Reference	Name	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (Table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (ES Table 10.7)	Visualisation Figure Reference
LB40542	Sanquhar, 5 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	4	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40542	Sanquhar, 7 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	4	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40555	Sanquhar, 28-36 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40553	Sanquhar, 20 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40553	Sanquhar, 16, 18 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
LB40553	Sanquhar, 14 High Street	Category C Listed	Low	Town centre location in Sanquhar Conservation Area	Moderate (localised) townscape setting	Low (localised)	5	0	4.9	Negligible: distant theoretical visibility; localised townscape setting; turbines screened by built environment and topography	Negligible	
	Wanlockhead	Conservation Area	Medium	Head of Wanlock Water, Mennock Water and Glengonnar Water valleys. Enclosed by hills	High: rural mining village in enclosed valley setting in association with mine workings	High	20	13	1.5	Low: turbines visible beyond skyline but not dominant from within valley and core area of mining remains	Minor	Figures 10.5 (CH2); Figure 10.6 (CH3); LVIA VP2-4
	Leadhills	Conservation Area	Medium	Glengonnar water valley. Enclosed by hills	High: rural mining village in enclosed valley setting in association with mine workings	High	1	0	2.8	Negligible: tip only visibility of turbines screened by topography and built environment	Negligible	LVIA VP5
	Sanquhar	Conservation Area	Medium	River Nith valley	High: rural market town in broad valley setting	High	13	4	4.7	Low: distant theoretical visibility; turbines not dominant	Minor	
MDG25662	Eliock	NIDL	Medium	North facing hill slope on south bank of River Nith	High: Scenic element of River Nith valley	High	22	18	4.5	Low: distant visibility beyond skyline; turbines not dominant	Minor	Figure 10.12 (CH7)
